4) The officers proposed for inclusion as Ex officio members are always available for consultation. The view put forward by the Dep. com that the presence of these officers as Ex Off. members will have the effect of imposing obligatory duties on them is not very conclusive From the Dep. com's letter it appears that the present proposal has not been placed before or considered by the Board or at least there is no Resolution of the Board to support the same. There appears to be no case made out for present consideration.

Office of the Deputy Commissioner & President,
District Board, Mysore District.
Dated, Mysore, 22nd March 1929.

GEN 4346
25 MAR. 1929

From

K. V. Anantaraman, Esq., B.A.,
Deputy Commissioner and
President, District Board,
Mysore District, Mysore.

To

R. Ranga Rao, Esq., I.A., F.L.,
General Secretary to the Government
of Mysore, Bangalore.

Sir,

Requesting sanction for appointing the Executive Engineer, Mysore Division and District Medical & Sanitary Officer as additional Ex-officio Members of the Mysore District Board.

I have the honour to state that the total strength of the Mysore District Board as constituted in Government Notification No. L 4878/LB 62-26-308 dated 25th January 1927 is 46 comprising (1) two Ex-officio Members (2) thirty three elected members and (3) eleven nominated members. The Ex-officio members are only the Deputy Commissioner and the Economic Superintendent. The absence of the Executive Engineer and the District Medical and Sanitary Officer on the Board as Ex-officio members is keenly felt. Most of the subjects that are brought up for discussion at the meetings relate mainly to the execution of Public Works and creating medical facilities in the rural parts. The presence of these members can no doubt be secured by inviting them for meetings. But their presence on the Board as Ex-officio members will impose obligatory duties on them in respect of the District Board work and their taking active part in the discussion of subjects and passing resolutions by the Board can be legally accepted.

Under Section 5(3) of the Mysore District Board Regulation, the elective element shall be not less than 2/3rd of the whole Board and the number of salaried servants of the

of the Government shall not exceed one-half of the remaining strength. The number of elected members being 33, the number of salaried servants could have been conveniently fixed at more than 2 as at present.

3 The appointment of the Executive Engineer and the District Medical and Sanitary Officer as additional Ex-officio members will only result in increasing the present total strength from 46 to 48. The proportion of the elective element viz., 2/3rd of the total strength will remain the same and not be affected by increasing the total strength by 2 accordingly and the present number of nominated members will continue to exist.

4 In these circumstances I request that sanction of the Government may be kindly obtained to the appointment of the Executive Engineer, Mysore Division and the District Medical and Sanitary Officer as additional ex-officio members of the Mysore District Board. I may also state that the present term of the Board will continue till the end of February 1930 and the appointment of the Executive Engineer and the District Medical and Sanitary Officer as District Board Members may be favourably considered by the Government without postponing it till the Board is reconstituted.

I have the honour to be,
Sir,
Your most obedient servant,

K. Chamberlain

Deputy Commissioner and
President, District Board,
Mysore District.
